Temporary Service Disruption

Union Pacific will be upgrading and replacing track inside the Oleum Tunnel between Richmond and Martinez. This is part of a multi-year track upgrade project between Oakland and Sacramento to keep the railroad in good condition so trains can operate reliably.

Modified Train Schedule

On the weekend of March 29-30, 2008, Capitol Corridor will be running modified train service and will provide bus bridges for 10 weekend trains, whose schedules will be altered. These service alterations are being put into place during the construction period to give the track workers time to do the rebuilding.

From Saturday, March 29 through Sunday, March 30, 2008, weekend trains 749 and 746 WILL NOT OPERATE

All other trains *will operate*; however, many will run with adjusted schedules, and passengers should expect some delays as trains pass through the work area.
