

Capitol Corridor Temporary Timetable

effective June 3 - 28, 2008

Service Advisory Overview

Union Pacific will be upgrading track infrastructure (primarily railroad ties & bridges) between Benicia (North of Martinez) and Suisun/Fairfield stations, installing approximately 40,000 new wood ties at their own expense. This is the second installment of a multi-year track upgrade project between Oakland and Sacramento, which will keep the railroad in good condition so trains can operate reliably.

This construction is expected to last approximately 4 weeks from June 3rd -June 28th, 2008. **During the course of the track work, some morning and early afternoon Capitol Corridor trains will not operate between Martinez and Suisun/Fairfield.** Instead, connecting buses will carry passengers between those two stations, and trains will operate on the remainder of the route on a modified schedule.

A detailed version of the temporary schedule is included here. You can also find the temporary schedule for June 3-28, 2008 online at www.capitolcorridor.org and posted at stations as well.

Beginning Sunday, June 29, 2008, Capitol Corridor will return to its full schedule that went into effect May 12, 2008. Thank you in advance for your patience, understanding and cooperation.

Bicycle Advisory

Due to limited space aboard motorcoach buses used during the bus bridge, Capitol Corridor strongly discourages cyclists from traveling with their bicycles on affected trains between Suisun/Fairfield and Martinez for the duration of the track work project, June 3- 28, 2008.

Bicycles will not be allowed in the bus seating area of the motorcoach buses. Bicycle storage space (underneath the bus only) is available on a first-come, first-serve basis as determined by the motorcoach driver; and first priority will be given to baggage. If storage space is unavailable, cyclists should be prepared to secure their bicycles at the train station or wait for the next available motorcoach connection with space available for bikes.

Please be considerate of other cyclists and travelers when attempting to accommodate your bicycle for travel during the track work.

Passengers will be required to load/unload their own bicycles onto/off the connecting buses. Please be advised that your bicycle cannot be secured or protected in the storage area and, as such, is subject to damage due to shifting of contents, sliding, impact with other bicycles, etc. Amtrak and Capitol Corridor Joint Powers Authority (CCJPA) assume no liability for bicycles onboard trains or motorcoach buses.
