

CAPITOL CORRIDOR JOINT POWERS AUTHORITY

REQUEST FOR STATEMENTS OF QUALIFICATION

TO PROVIDE

ON-CALL PROJECT MANAGEMENT/CONSTRUCTION MANAGEMENT SERVICES

FOR

CAPITOL CORRIDOR CAPITAL PROJECTS

RFSOQ2022-01

QUESTIONS & ANSWERS

Updated 5/18/2022

1. Can you please clarify whether this RFSOQ has any DBE or SBE participation goals?

This RFSOQ has no DBE or SBE participation requirements or goals. CCJPA does not anticipate any funding sources that require DBE or SBE participation or participation goals for contractor work performed under the PM/CM contract to be awarded. CCJPA capital projects are primarily funded by the State of California (which does not allow discrimination for contracting) and the Federal Railroad Administration (which is not part of USDOT's DBE program). As an agency, the CCJPA Board has not adopted any resolutions or procurement policies regarding DBE or SBE participation goals for contracts.

2. Key Personnel are limited to no more than 15. Since there are 10 Key Personnel positions (1 Program Manager and 9 Resident Engineers) – are we to show an additional 5 RE as we see as key to show additional depth to the other 9? We are still allowed show the 10 Support Staff positions as well, correct?

10 resumes maximum should be submitted for Key Personnel, and 10 resumes maximum for Support Staff. Within the Key Personnel list, 9 resumes maximum should be for Resident Engineers, and one for a Program Manager.

3. Do we need to have our subs disclose all work performed for CCJPA within the last 5 years?

Yes, please disclose any work that proposed subcontractors have performed for CCJPA within the last 5 years.

4. Page 11 of the RFSOQ, Section (ii) Program Manager states...the Program Manager shall have a PE or be a PMP/CCM. Since PMP and CCM certifications are nationally recognized, can a non-California, Professional Civil Engineer license also be recognized for this position?

Yes.

5. Question: CCJPA requests that we provide our audited financial statements as part of the proposal. Our accounting department prefers to send these directly to our clients rather than including them in the SOQ document. Would CCJPA permit us to submit these separately via email and place a statement on this form that we have submitted them separately? If so, please provide an email address to send them to.

The audited financial statements – at the proposer's discretion – may send those directly to the same email contact for this project but indicate that they are provided separately in the main body of the response.
